Createspace, United States, 2011. Paperback. Book Condition: New. 194 x 126 mm. Language: English . Brand New Book ***** Print on Demand *****.On April 30, 1945, Adolf Hitler, one of the most notorious mass-murderers in history, retired to his room in his bunker, 25 feet beneath the old Reich Chancery garden. Above him, the Red Army was encircling Berlin as his dream of a thousand-year Aryan empire lay in ruins. Hitler placed a glass cyanide capsule between his teeth and pointed a loaded service pistol at his right temple. Then, smugly believing he had both evaded capture and escaped all accountability for his crimes, he bit down and pulled the trigger. He was wrong! The Last Way Station begins moments after Hitler's successful suicide, when the Fuhrer finds himself mysteriously transported to a numbingly cold, solitary holding cell in the afterworld. There, he meets his caseworker, a supernatural being tasked with helping him face, and work through, his sins. The caseworker explains that Hitler will remain in solitary confinement indefinitely, as he prepares his soul for eventual return to the material world. The method, Hitler learns, involves seeking enlightenment through physically embodying his victims and then personally reliving the atrocities committed against them in his name. This speculative, historical fantasy narrative explores Hitler's psychology, the psychology of evil and asks, What, if anything, constitutes fitting punishment for the super evil?.
