Packt/Shroff Publishers & Distributors Pvt. Ltd., 2013. Softcover. Book Condition: New. What you will learn from this book Discover the new features in NAV 2009 such as the 3-tiered architecture, the RoleTailored client, and Web Services Enablement Learn about the Microsoft Dynamics Customer Model and how to apply Role-Centric Thinking to your NAV implementations Avoid common implementation mistakes by benefiting from the expert insights of NAV consultants with over 20 years of ERP experience Improve your solution design expertise with basic accounting principles Explore the extensive personalization capabilities of the RoleTailored client Discover programming for non-programmers by creating NAV objects without writing code Learn about the phases in Sure Step and why an implementation methodology is so important to successful projects Create useful add-ons and extend your core application using web services enablement Here is a brief summary of what each chapter covers: 1 ? Introducing Microsoft Dynamics NAV 2009 The purpose of this chapter is a teaser introduction to get people excited about the product, what's in it in general, and what's in it as compared to previous versions, to give them a little taste of what's coming up in the book, and explain what the fuss about this new release is all about. 2 ? The RoleTailored Client The RoleTailored Client is the new user interface for users of Microsoft Dynamics NAV 2009 and it is completely different to the pervious versions. We'll take you through the different components of the interface, introduce the terminology, explore the navigation components and page types and teach you how to personalize the application to meet your own requirements using the extensive personalization features. 3 ? Roles and the Customer Model Microsoft Dynamics NAV 2009 introduces a new paradigm to ERP. Instead of the system being focused on the forms that capture...
